ABOUT ME

Michael Bayer is an internationally recognized change expert. For over 27 years he has guided his clients across the US and Canada establishing successful, self sustaining cultures of continuous improvement based on LEAN principles.

A prolific author, he has written the LEAN for Healthcare series of books as well as books on magic, presentation skills for youth and numerous contributions to the Keystone and Cornerstones series of books. The LEAN for Healthcare series focus on visual management utilizing gemba boards as the focus for daily huddles and continuous improvement, as well as a methodology for rapid cycle improvement activities.

In his spare time Michael enjoys performing as a magician, traveling, boating, fishing and scuba diving.

PAST CLIENTS

Michael regularly delivers keynotes, breakout sessions and full day workshops to health care organizations such as Union General Hospital, Ely-Bloomenson Community Hospital and Middlesboro ARH Hospital, and more.
