## MISSION

Assisting Healthcare Organizations to  
Become the Employer and  
Provider of Choice

## VISION

Promoting the Relationship Between  
Hope and Trust

## PAST CLIENTS

During his career, Mike has worked in the following local, statewide, and regional health care arenas: Community Health, Primary Care, Health System Administration, Behavioral Health, Substance Use Disorder, Corporate Wellness, Managed Care, Grant Writing and Administration

## ABOUT ME

Mike assists healthcare organizations with implementing and/or improving service delivery programs and systems related to outpatient clinical care, education, and staff training & development. He has a particular interest in outpatient clinical settings, both medical and behavioral.

Dr. Kolenda has spent over 40 years in the healthcare field as a clinician, manager, or senior administrator. A Licensed Clinical Social Worker and Marriage & Family Therapist in Indiana, Dr. Kolenda received a Master's and a Doctoral degree in Counseling & Guidance from the University of Alabama.

Mike has initiated and led start-up, health care efforts that became successful business ventures both clinically and fiscally. He routinely assembled, managed, and grew work teams that were mission-driven, clinically effective, quality-focused, and financially successful.
